

11 October 2019
Reykjavík, Iceland

**Workshop:
Forum of Arctic Science Funders
Japan**

Funding mechanism for Arctic research (ArCS, for example)

- ❖ International collaborative research is vital for Arctic science / Arctic research
- ❖ ArCS includes the support for International collaborative research. It is on the basis of researcher's activity. (bottom-up approach)
- ❖ New Arctic research projects will follow the same scheme.
- ❖ Struggling all the time with “What is that Arctic research will benefit Japanese citizens?”
